

Why our spiritual administrators decided to transmit the fifth epochal revelation in writing: Three or four reasons considered especially influential

		Bob	Doreen	Charles	Marvin	André	Neal
A	Conditions on Urantia did not justify the personal visit of an Avonal Son.	✓		✓			
B	The need for a spiritual framework promoting the transition from institutional to personal religion.	✓		✓		✓	✓
C	The need to diminish unhealthy reverence for previous written works regarded as “sacred texts” and/or as “the word of God.”						
D	The need to promote pluralism, diversity, and mutual respect in relation to spirituality and religion.	✓					✓
E	The need to promote broader understanding of the word “GOD,” God’s full set of purposes, and the underlying unity of matter, mind, and spirit.		✓	✓		✓	✓
F	The need to rebalance human society, in light of rapid advances in science and technology and relatively slow progress in other aspects of human life.	✓		✓		✓	✓
G	A possible decision by Christ Michael of Nebadon calling for the next epochal revelation on Urantia to be delivered in the form of a written document.					✓	
H	Aspects of the emergency provisions of the bestowal plan that have not been revealed to us.
